MWR Facilities in Korea are extremely limited. Little things, such as the commissary being closed on Monday's and MWR hours of operation being so limited, affect the morale here. To go to an American style restaraunt off post will cost anywhere from \$20-\$35 per person, food alone. More food selection, healthier food selection, and day - tours of the area would be fantastic.

My son was enrolled in the summer youth program last summer and I was very unsatisfied with staff. The staff were not able to handle my son of 5 years old and called me at work every other day for me to come pick him up before my work was over. Eventually I dropped him from the program without receiving proper refund. It did not make sense to drive him to summer camp in the morning only to pick him up by noon when he was to stay till 6PM with additional pay. The staff requires professionals instead of summer hires who does not know how to disipline children. I do not plan on enrolling my son to summer program this year.

One of the workers (the US personnel) at Henry Gym is very rude, unprofessional, and actually made a statement to Soldiers that use of the facility is a privilege not a right for Soldiers - the way he said it was clearly indicative that he did not like Soldiers using the facility that happens to be located on a military installation that supposedly is for Soldiers. He personal appearance was very unprofessional and unkempt, he was sweating and was obviously working out on gym equipment. Which begs the question if we are paying our gym workers to work out in the gym while treating Soldiers rudely and contemptuously.

alot of the questions that were asked did not pertain to the area in questions, there is no sky diving, horse stables, and I do not think that this survey is really going to do a thing to better the activities in this area. MWR has really gone down hill over the last 10 years.

The Area IV, Camp Henry MWR does a very bad job of getting information out to the soldiers in a timely manner on events that are on going in the the area. There are many times events come and go and no one knows anything about them. They need to use the post paper and email in a more effecient manner to get information out quicker.

Although I do not have a family, I firmly believe that the children need much more to do with their free time. There should be more available at the teen-center. I also would like to see more activities for athletics available, such as: batting cages, rock climbing gym, tennis lessons, golf lesson, etc... Being in Korea is difficult enough, but without the adequate release of tension, it is more difficult. I also firmly believe that our junior enlisted soldiers need more activities then drinking. If there were more sporting events, and/or concerts, I believe that our amount of criminal activity/drinking would go down. I have heard mention, that soldiers would like paint ball facilities, and recreational vehicle use.

This season I played on the post softball team. I did not feel that MWR Deagu supported the team in the same manner that Camp Carrol, Yongson, or Osan did. We did not receive any funds for uniforms, trips, meal, lodging, or transportation. The players on the team were paying \$60-100 a weekend in order to play on the team.

Secondly, the condition of the softball field has lead to several injuries at both the post and company level. The MWR wouldn't drag the field after games. This has lead to the infield becoming very hard and having several "pot holes". The outfield is a patch work of weeds and dirt. One of the LTs took a ball in the face. He has had two trips to the doctor to get stitches, three trips to the dentist, and will probably need plastic surgery. They tell us that they do not have the funds hire people to take care of the field. I am sure the doctor bills are now more than the cost to hire some workers.

I would recommend that MWR look at putting in sprinturf or fieldturf rather than grass. <http://www.sprinturf.com/> or <http://www.fieldturf.com/> I have played college football on both surfaces and they are excellent. My university baseball and soccer teams also practiced on the field during the winter and where pleased with their experience. The surface maybe more expensive than grass initially, but it requires no maintenance and can help reduce injures from poor footing or "bad hops". The typical field life for these surfaces is 15-20 years. They are not like typical Astro turf fields, players do not receive "turf burns". If MWR is looking to redo playing surfaces, this is the way to go.

At Camp Walker and Camp Henry, there is not enough tours offered every month or events. Be nice to see a massage chair or even 2 at the gym at Camp Walker. The size of the place would be able to hold it in the front area. Maybe offer a cooking class on base. Many single soldiers away from home, don't have a kitchen, some might have a George Foreman grill, but I think it would be great to offer cooking class so that people can learn how to cook new meals and a chance to eat some home cooked meals. Offer a place that people can use the internet and phone to call home when they arrive in Daegu. Lot of times, people have to go 40 minutes out of the way to go to Camp Carrol to use the internet or off base to use. If your arriving to Korea for the first time, you like to be able to have easy access to that. Not be told to wait a couple of days to get internet service in your room or you have to go to another place for that. Some people don't have computers or time to travel off base. More information should be provided and shown in places that is easy to see. Sometimes banners are placed by the golf course on Camp Walker. If you don't travel in that direction or pick up an MWR book, you miss out on things going on around base.

1. If and when there are events they are not advertised very well.
2. Very limited on what you can do on post after curfew hours.
3. Not much of a variety on post. It's the same thing everyday, there is no change! (Nothing Exciting)
4. The movie theatre on CP Henry is very bad. There are bugs that crawl on the floor. The Seating isn't that great. The movie video and sound are old. The Concession stand is very poor. The butter always tastes nasty and the popcorn has its days. The bathrooms are small and not accessible for people with disabilities. The theatre isn't accessible for people that have disabilities.
5. Gym equipment stays broke for long periods of time. (Haven't been able to use the sauna for a couple months.
6. The post movie rental place doesn't get new releases in very often.
7. The PX marks up all of there electronics.
8. The only thing that CP Walker provides for fast food is burger king, Taco Bell, Anthony's pizza, and Robin Hood. Everyone always loves going to CP Carroll or Yongsan to each fast food. Especially for Pizza Hut, Subway, Popeye's, and cinnabunn.
9. It seems that all the other post in Korea have been getting new things except CP Walker and CP Henry. Minus the them finally finishing the CAC. Which is ok!
10. If anything I would love to see a skating rink!! That would give the children something to do and for some of the younger soldiers something to do as well.

I would like to see more oppertunites for families to go on trips (or be notified of). My family and I would have liked to go on more trips in Korea, but due to the "BOSS" fees, they were costly and impractical to attend (30.00 per person, non BOSS member). The Child and Youth Services are WONDERFUL. There were many activites for the children to take part in. Overall, MWR did a good job to provide entertainment services and functions on post. Likewise, I thought it was great that they provided transporation for the soldiers/families on Camp Hialeah. Great impression overall.

I was stationed in Daegu five years ago and have now returned again. Very little has changed in refernece to the facilities or activities offered.

Some of the activities offered (eg. gymnastics) is more expensive than what I paid for my two children in the US, and the program here is only one day a week where the program in the US was two days.

Summer and Winter activities should be announced further in advance to insure a greater participation from the community.

I would like to see a skating rink put on Camp Walker (only if you are able to go in even though u aren't 18). I would like some changes on Camp walker like the Community Activity Center, if it is for the community why is it that you have to be 18, not everyone on the base is 18, so it shouldn't be called "Community" Activity center. Teens here have nothing to do that is fun, everything always has to do about age, if someone wants to have fun in the music room they can't without having to call their parents to sign in for them simply because they aren't old enough. Is it because the community Activity center thinks people under 18 are immature, there are people over 18 who are also immature, or is it because you just got new stuff put in and do not want people to mess it up. Then what was the whole point of renovating it when people under 18 are not able to go in except for the snack area. Are you just trying to take money from us "little kids" and not letting us play air hockey. I find Area 4 to be a complete bore, there is never anything to do around here and how is it that Camp Hovey plays movies every night, and on Henry its only played on Sunday, Monday, Friday, and Saturday; since the students got out of school there is never anything to do, maybe a movie once in awhile on weekdays would be nice. They even stopped showing movies on Thursday. This place is boring, and MWR doesn't help a bit the only good band that came here was Papa roach, I think this place needs a lot of change. Thank You.

Sports fields are very poor. I have children whom participate in various outdoor sports at the High School and the conditions of the Football and Soccer fields a way below standard and in some cases unsafe. Examples: Camp George Soccer field has very little grass and rocks create hazards. The volleyball court (sand box) in the endzone of Kelly Field at Camp Walker creates an unsafe playing field for football players.

Lower the volume on the bands/djs, etc. in the smaller rooms of the clubs. Most of them are way, way, WAY too loud for the size of the room!

If a special is offered, educate the employees. Example: free breadsticks offered with purchase ALL weekend long, starting at 4PM on Friday. Saturday afternoon at 10 til 4, the employee is saying NO, you don't get breadsticks now.

Barmaids VERY often, don't go to tables on their own. They have to be called. Then, when they bring new drinks, they don't remove the empties.

Bartenders don't communicate to managers that they're out of stuff. So, not only are they out of it for one night, they're out of it for a LOOOOOONG time.

Spaghetti buffet offered at The Hilltop on Thursday nights. Great!! How about OTHER buffets on other nights?!?!?!?

Put more pool tables and dart boards in the clubs. Out of 3 clubs on Camp Henry and Walker, only ONE has a pool table. We go off-post most of the time because there's no pool tables. The recreation center doesn't make up for it, since you can't drink there. Some people like to be active while socializing. Look at the club on Osan AB!!!!

Trim down on the slot machines! Addiction to gambling is a BIG problem and you use MORE space for it than other things (dance floors, pool tables, darts, etc.). You've got slot machines in EVERY facility!!!

I visited the recreation center at NAS Oceana Virginia Beach recently and I was very impressed. Get this, free internet cafe for ID card holders, free game boy checkout, plenty of spacious and comfortable seating, fast food cafe, beer and drinks to buy at bar, real and true pool tables (6 or 8 well kept and different sizes). This, ladies and gentleman is where we need to be going....PROGRESS and current times.

On the other hand, I visit the CP Walker recreation center to shoot pool and I find the following: Kitty pool tables. No internet or game stations. No bar or cafe. Air hockey, fussball, ping pong, billiards (kitty pool tables), etc. all stuffed into a cramp and VERY noisy room. I'll try not to use my profanity here, but we can do a lot better than this.

V/R,
Mike Brennan

I just have one question that really bothers me here in Daegu, Korea

Why does the MWR Facility the Evergreen Golf Course require me to pay a fee as a contractor when I am a retiree and have earned the right. I would like this answered instead of going to my Senator and asking him what the issue is with the discrimination practices of the Evergreen Golf Course.

I am so mad about this and the personnel at the golf Course really will not answer any of my questions. I even asked to attend the next Golf Council and to be able to ask the same question, but they will not even tell me when that is.

Thanks

I think that Youth services need more equipment and activities in their facilities . So the teenager have more oportunities to participate,I think that they need more activities for school ages , especially for summer vacations ; and at least one playground with basketball court.Because the basketball from the gym is always full on summer . I think that in the restaurant, they need to have more varieties of food and less expensive; so that way everybody wants to eat in the facilities. I think that the resturants like burger king should have slushies just like the one in seoul. I think that the px here is really empty and it needs more stuff because it is no fare that the people in seoul have better clothes and shoes. I also think that if taegu is the best place to live and work then why do they have barely anything good for the kids and for the adults.I also want to know why the mail keeps on getting lost or in the wrong boxes.
